Is there a difference in price movements between Real and Demo accounts?

Trading · https://idwindsorbrokers.com/knowledge-base/trading/is-there-a-difference-in-price-movements-between-real-and-demo-accounts/

Trading on Demo Account is similar to trading on a real environment as it allow traders to trade online and test their trading strategies with virtual money without having to deposit any funds. It does not however reflect market prices, commissions, charges and/or methods of execution offered at all times.
